Stay the Night

Chicago

I don't want you to misunderstand me
I just wanna say what's on my mind
No need to hit me with an attitude
Because I haven't got the timeI want you to know one thing's for certain
I surely love your company
And I won't take no if that's your answer
At least that's my philosophyStay the night
There's room enough here for two
Stay the night
I'd like to spend it with you
Stay the night
Why don't we call it a day?
No one can stop us
Nothing is in the wayHave some friendly conversation
And if you still don't have a clue
Unless there's something else you've got in mind
We've got better things to doStay the night
There's room enough here for two
Stay the night
I'd like to spend it with you
Stay the night
Why don't we call it a day?
No one can stop us
Nothing is in the wayJust to have you near me
Here by my side
Just to have you near me
And when I get next to your body
Just to have you near me
Something I can tell you
Make it perfectly clear
We're gonna have a very good timeStay the night
There's room enough here for two
Stay the night
I'd like to spend it with you
Stay the night
Why don't we call it a day?
No one can stop us
And nothing is in the wayNo one can stop us
And nothing is in the way

I don't wanna stayStay the night
Stay the night
Stay the night
