I can feel you put my dick inside your mouth
tryna put my whole dick and nuts inside your mouth

chorus
Bun B verse:
Well she a big fine something aint she
with that big ass
betcha she can grind something cant she
she shake it fast

shake it slow, to and fro
back and forth, up and down
that apple bottom brown
and it aint fuckin around
she got her rockin republics on, fittin kinda tight
real snug on the backside
it's lookin kinda ripe
with a juicy tank top and her louey (LV) Tim heels
All bullshit aside, she lookin ready to kill
But when i say kill, I mean murder the cock
I'm talkin beatin the pussy up while the headboards knock
She ain't watchin the clock, ain't tryin to answer the phone

Cuz Bun B done got that dick that put your chick in a zone
Come on
Bun B: verse
These hoes loving the living, I'm giving all they can take
These hoes living for loving, I'm shoving dick til' they break
Put your feet in the sky, bring your knees to your chest
Grab a hold of the sheets bitch, and I'ma do the rest
Get to pressing on your pink, gripping on your soft
To the side, take a ride, From the back I break you off
[Pimp C: verse]I want some pussy and some navel and some ass and some mouth
I ain't fucking for me bitch, I'm fucking for the whole south
Show me what you working with, bitch what you got
I really wanted to fuck but ho you went and shaved your cock
A bald head pussy ain't shit, got them razer bumps bitch
Grow some hair and get legit
Chorus x2
