

Quickie

Miguel

Mami you looking like I'm just another guy
That came to check you
That came to wreck you
No disrespect but mami that's correct cause... what's in them jeans just got my mind hectic
I can see that your feeling my passion
Is it cause I'm flashing (hmm)
Or is it this cash that's just way to reckless
Or is it this necklace
Wait let me interrupt myself with this smash you see.

[Chorus:]
I don't wanna be loved
I don't wanna be loved
I just wanna quickie
No bite marks, no scratches, and no hickies
If you can get with that, mami come get with me
I don't wanna be loved
I don't wanna be loved
I just wanna quick fix
Up in your mix miss
Send me you wishlist
I have you addicted
So mami come with this

Mami I realize that I manage
Speak a language and love like Spanish
Godo vageele
I'm so obscene and know what I mean and
Yeah sorry that was Portuguese
And I speak with ease
Please (aha) get on them knees
I gotta penny for your thoughts
If you know what I mean

[Chorus]
Don't be offended babe
By what I say
It's just a game
And how I play

Pillagent blender
Call me ya plan ma
Knock on this wood
Get rocked by this thunder [x2]

[Chorus: until music fades]
