Float Away

DavÃ-d Garza

I'm not going to the river, I'm not going to sea
I'm not going to the water, everybody knows
When the summer starts to wither, do you know where you will be?
In the clouds or in the water?
I knew you in another life
You were the tears I used to cry
Now you're the stone inside the wave
When you touch me, I float away
I float away (repeat)I'm not going to the fire
Heaven's warm enough for me
I don't need no holy water
I knew you in another life
You were the tears I used to cry
Now you're the storm inside the wave
When you touch me, I float away
I float away (repeat)
