Go Sadness

Shout Out Louds

I'm in a golden age
A great calendar page
I spotted the right time
The future is mineI got the greatest dog
The best of them all
I love my brother
He's on my wallBye bye car keys
Hello sparkles and flies
I keep them
They're mineI saw the brightest light
It was the most wonderful sight
And I spotted the right time
The future is mineBye bye car keys
Hello sparkles and flies
I keep them
They're mineBye bye car keys
Hello sparkles and flies
I keep them
They're mine
The sparkles and flies
I keep them
They're mine
