Pretty Brown Eyes

Carl Belew

You say it's over now but it's easy to see
You still belong to him you're not happy with me
You can hide all your feelings until he passes by
That's when when I see the blues in your pretty brown eyes
Your pretty brown eyes keep telling me lies
But they can't hide the hurt with the smile of disguise
You can hide all your feelings until he passes by
That's when when I see the blues in your pretty brown eyes
[piano]
Your pretty brown eyes...
