# The Only One

## Kill The Alarm

I need a second chance, another last dance,
one more crack at my life sure as the sun will set,
I'll have regrets I made mistakes,
oh I tried, I tried.Broken down and barely hanging on,
it's taking everything to carry on.(Chorus)
I'm not me today
I'm not the only one,
I'm the only one to save
won't let it end this way,
I'm not the only one,
not the only one to save.you see I'm proud of you,
and what you do,
and the way you never change,
well I need a holiday,
some time to get away,
step outside of myself and left,
if only for a day,
till the sunset never coming back
to everything i know to make it last.(Chorus)
I'm not me today
I'm not the only one,
I'm not the only one to save
won't let it end this way,
i am not the only one,
not the only one to save.ohh yeah yeah.
ohh yeah yeah yeah.
ohh yeah yeah.Broken down and barely hanging on,
it's taking everything to carry on.(Chorus)
I'm not me today,
I'm not the only one,
I'm not the only one to save,
wont let it end this way,
not the only one,
I'm not the only one to save.
yeah.ohh yeah yeah.
ohh yeah yeah.
ohh yeah yeah yeah.I am not the only one, not the only one to save.
