What's society built on  
What's society built on  
What's society built on  
What's society built onWhat's society built on  
What's society built on  
What's society built on  
What's society built onIt's built on, built on bluff  
Built on bluff, built on trust  
It's built on, built on bluff  
Built on bluff, built on trustIt's built on, built on bluff  
Built on bluff, built on trust  
It's built on, built on bluff  
Built on bluff, built on trustWhat's society built on  
What's society built on  
What's society built on  
What's society built on  
What's society built on  
What's society built on  
What's society built onIt's built on, built on words  
Built on words, built on work  
It's built on, built on words  
Built on words, built on workIt's built on, built on words  
Built on words, built on work  
It's built on, built on words  
Built on words, built on workResponsible for what I say  
Responsible for what I hush  
Responsible for what I say  
Responsible for what I hushResponsible for what I say  
Responsible for what I hush  
Responsible for what I say  
Responsible for what I hush
