What's society built on
What's society built on
What's society built on
What's society built onWhat's society built on
What's society built on
What's society built on
What's society built onIt's built on, built on bluff
Built on bluff, built on trust
It's built on, built on bluff
Built on bluff, built on trustIt's built on, built on bluff
Built on bluff, built on trust
It's built on, built on bluff
Built on bluff, built on trustWhat's society built on
What's society built on
What's society built on
What's society built on
What's society built on
What's society built on
What's society built onIt's built on, built on words
Built on words, built on work
It's built on, built on words
Built on words, built on workIt's built on, built on words
Built on words, built on work
It's built on, built on words
Built on words, built on workResponsible for what I say
Responsible for what I hush
Responsible for what I say
Responsible for what I hushResponsible for what I say
Responsible for what I hush
Responsible for what I say
Responsible for what I hush
