The In Crowd

Mitchel Musso

Spin away the combination for the last time
Say goodbye to this year
I wish I could avoid the empty
Summer days that await me
They fake a smile goodbye, celebrating their new freedom
I sit alone on the couch, wondering whyI wonder what it's like to have it all
To never be afraid that I would fall
But I don't think I've ever known a time
That I was part of the in crowdHere we go another day another disgrace
Fall flat on my face
I wish I had a bunch of money, catch a plane, head out west
They'll run and play around, all full of the fans and freedom
I sit alone on the couch, wondering whyI wonder what it's like to have it all
To never be afraid that I would fall
But I don't think I've ever known a time
That I was part of the in crowdAnd doesn't anyone here live an original life?
Or did you surrender to be on the inside?
When you disappear they won't remember your name
And you'll fade away as someone takes your place
Takes your place, in the in crowdSpin away the combination for the last time
Say goodbye to this year
I wish I could avoid the empty
Summer days that await me
The fakers smile goodbye, celebrating their new freedom
I sit alone on the couch, but I'm ready to flyI wonder what it's like to have it all
To never be afraid that I would fall
yea I don't think I've ever known a timeI wonder what it's like to have it all
To never be afraid that I would fall
But I don't think I've ever known a time
That I was part of the in crowd
Of the in crowd, in the in crowdI don't need anything that I can't find in me
All my life I have been out of line at the end
Waiting for something more, something new to begin
Waiting for something more, some way to fit inIn the in crowd
In the in crowd
