Satisfaction

Team Spirit

I'll tell you something
I heard is true
With city slicking it's easy to lose
'Cause I don't feel much satisfaction
Dwelling on modern distractions
I know there's something (yeah there's something)
That we can do (that we can do)
And I've been asking myself what's the truth
'Cause I don't feel much freedom lately
I feel like my country hates meI wanted you to know
That I always wanted more
Now I'm wasted on the floor
But I wouldn't ever have it any other way
I tell you something
I know is true
Convincing friends one again is hard to do
Now I don't have high expectations
But I have small aspirations
I'm doing something (doing something)
Call it a coup (call it a coup)
That I've been patiently waiting to do
As I follow myself to battle
Wondering if this all mattersIt wasn't meant to be easy
It's always gonna be hard
I know it's tough to believe me
But we made it this far
I wanted you to know
That I always wanted more
Now I'm wasted on the floor
But I wouldn't ever have it any other way
I like it like this!It wasn't meant to be easy
It's always gonna be hard
I know it's tough to believe me
But we made it this farI wanted you to know
That I always wanted more
Now I'm wasted on the floor
But I wouldn't ever have it any other way
I like it like this!
But I wouldn't ever have it any other way

I like it like this!
