How You Feel

Unwritten Law

I want, I know, I see just how you feel
But baby you got a ticket to ride
But if you want me, got to let me know
'Cause it's so hard to let you goWell I've seen around this block ten, thousand times
So just patch me, just one more line
But if you want me, got to let me know
'Cause it's so hard to let you goI've got one life to live in
So won't you stop and listen
Can't keep my head from spinnin' all around youI want I know, I've seen just how you've been
And your livin' and sinnin' starts running thin
But if you want me, got to take it slow
'Cause it's so hard to let you goI've got one life to live in
So won't you stop and listen
Can't keep my head from spinnin' all around you
And if you see me slippin' just keep my head from hittin'
I'd stop the world from spinnin' all around youBut I'm frustrated so frustrated now
Seems like I've been here before
I'm frustrated so frustrated now
Seems like I've been here beforeSo as the story goes, you know it well
So listen suckers, 'cause it's one to tell
But if you want me, got to let me know
'Cause its so hard to let you go
