Obey

Enemy Soil

First let me say I?m sorry
In case I go too far
But I don?t foresee a problem
For the fact that here you are!
And here I am, here?s my disclaimer
If you decide to stay
I swear you won?t regret this moment
But first I need you to obey
Embrace screams, lay it down, loose those jeans
Show you how your pussy works yea
I can be your B. Mcknight, take all day.
But first obey!
Oh, oh, oh

If only for one moment
Accept me as your king
In return I'll turn to love you
My hand, your neck, no screams.
Tap me once if it?s too much pressure
Tap twice if you need to breath

Don?t play tough if you?re not ready
Before you faint on me

Obey, stay in place
Oh, as I grab your waist
Don?t get mad if I bury your face
I might snatch your hair if it's real
Ride the wave,take all day
But first obey!
Embrace screams, lay it down, loose those jeans
Show you how your pussy works yea
I can be your B. Mcknight, take all day.
But first obey!
Slow it down, your're cumming all over me
I aint tripping it'll all wash off with a towel
Take your time, the sun don't come for a while
Meanwhile I'mma make sure to make you smile
Grind slow, no premature popping the gun.

I'm tryna work the middle down til it's all done,
Til its all done, til its all
Oh, oh,oh
