Sureshot

Yellowcard

Get up, face this day
Find some way to make the mean kids pay
Playing it safe, it's your morals at stakeYou're a young man who's willing to wage war
Break from the mold, never do what you're told
After all what are feelings of rage forSo I say, I got a sureshot way to work things out
All of this arguing has worn you down
I got a sureshot way to kill your doubts
Find what your following and chase it downGet up, face this year
Days will fade with all your childhood fears
All of the nights, all of the friends and the fightsYou're a young man, who's burning to break free
Here are your rights and your name's up in lights
Don't abuse, be the best that you can beBye mom and dad, you're all I had
I'm finding out I'm on my own
I am all alone, I am all alone
Break from the mold, break from the moldI've got a sureshot way to work things out
All of this growing up has worn you down
I've got a sureshot way to kill your doubts
Find what your following and chase it down
