Red Lips

Sky Ferreira

Red lips
You?re ten a penny
Cheap shot
Spreading your legs
For the boys
Watch out
Cause someone will beat you the same
(Freak out)
Mmmmmmmm
Wash out your mouth
Such a big girl
Such big news
Such a big talk
Your number is up
If you like it or not
What a shock
Little bitch
Growing so bored of your feds
Cause soon gonna lay you down
Enough for the ones
And no one remembers your name
(Too bad)

Mmmmmmmm
Such a confidence
Such a big girl
Such big news
Such a big talk
Your number is up
If you like it or not
Your number is up
If you like it or not
Your number is up
If you like it or not
Take a walk
Such a big girl
Such big news
Such a big talk
Your number is up

If you like it or not
Your number is up
If you like it or not
Your number is up
If you like it or not
What a shock
