Lullaby

Kaitlyn Maher

Lullaby and good night, sweet roses delight
With lilies oâ€™er spread is babyâ€™s wee bed
Slumber softly and rest, may your dreamland be blessed
Slumber softly and rest, may your dreamland be blessed

Lullaby and good night, in the sky stars are bright
Close your eyes and start to yawn, pleasant dreams until dawn
Guardian angels are near, so sleep on, with no fear
Guardian angels are near, so sleep on, with no fear
