Disguise

Pop Will Eat Itself

We came to fame with our guitars screaming
Wall-to-wall bass and face-to-face bawling
We're your voice of choice, so just fall in lineWe came to fame with our guitars screaming
Wall-to-wall bass and face-to-face bawling
We're your voice of choice, so just fall in lineI'm multi-indentity
A cure for my sanity
My eyes are all shiny bright
They light up the darkest nightIf you tell me your secrets
I can tell you my lies
Then we're both in the same boat
We're in disguiseI'm not in a superstore
I'n not up for sale at all
You cannot impersonate
A champ and a heavyweightIf you tell me your secrets
I can tell you my lies
Then we're both in the same boat
We're in disguiseWe came to fame with our guitars screaming
Wall-to-wall bass and face-to-face bawling
We're your voice of choice, so just fall in lineYou can save the violins, I've heard them much too much
I'd crush them into sawdust and electrify my razor touchYou can save the violins, I've heard them much too much
I'd crush them into sawdust and electrify my razor touchAre we having the same idea?
Are we thinking the same thing, same thing?
Are we having the same idea?
Are we thinking the same thing, same thing?Are we thinking the same thing, same thing?We came to fame with our guitars screaming
Wall-to-wall bass and face-to-face bawling
We're your voice of choice, so just fall in lineWe came to fame with our guitars screaming
Wall-to-wall bass and face-to-face bawling
We're your voice of choice, so just fall in lineIf you tell me your secrets
I can tell you my lies
Then we're both in the same boat
We're in disguise
