Inside Our Scars

The Veer Union

Been times, dont want to hold on
You blink an eye and then theyre gone
Can we revive our other life
Or is it done
Another day to fall away from
The memories when we were one
Im not sure there is a cure,
Can this be undone?
Where did we go wrong?
One more time around, cause
Theres a war in between our words again
Cause you only believe me now and then
But I need you to know
Youve always been
The reason that I breathe oxygen
Why cant you believe me?
So close but yet so far
We have lost who we are
So close but yet so far
We are lost inside our scars
Weve been around, this come again, I
Guess thats the price we pay
Still Ive been, Im wondering
Can this be undone?
Where did we go wrong?
One more time around, cause
Theres a war in between our words again
Cause you only believe me now and then
But I need you to know
Youve always been
The reason that I breathe oxygen
Why cant you believe me?
So close but yet so far
We have lost who we are
So close but yet so far
We are lost inside our scars
One more time around, cause
Theres a war in between our words again
Cause you only believe me now and then

But I need you to know
Youve always been
The reason that I breathe oxygen
Why cant you believe me?
So close but yet so far
We have lost who we are
So close but yet so far
We are lost inside our scars
Inside our scars
Inside our scars
Inside our scars
You blink an eye, and then theyre gone
