Hold Me

Farid Mammadov

Should have seen it coming when I saw you
Should have had the sense to stop and walk away
It was gonna turn out complicated
Weâ€™ve hit overload, about to explode

If love was a mountain
Iâ€™d climb up to the highest of them all
Iâ€™d swim across the ocean if youâ€™d call
Iâ€™m lost in your smile, freefalling for miles

Hold me, just unfold me
Unchain my soul, give me love, make me whole
Hold me if itâ€™s only
For this moment in time, now Iâ€™m yours and youâ€™re mine
So hold me

Take a little time and youâ€™ll know better
Then to think about giving in on the one you love
Here weâ€™re going back and freeze the moment
When we used to be free, was only you and me

Hold me, just unfold me
Unchain my soul, give me love, make me whole
Hold me if itâ€™s only
For this moment in time, now Iâ€™m yours and youâ€™re mine

Remember how we used to laugh, but now youâ€™re running from the past
Letâ€™s find the strength to carry on
Remember how when love used to be, you said I was your fantasy
Canâ€™t take another night alone, so come on home

Hold me, just unfold me
Unchain my soul, give me love, make me whole
Hold me if itâ€™s only
For this moment in time, now Iâ€™m yours and youâ€™re mine

So hold me
