One in a Million

Metatrone

She's staring at the window
Tonight she cannot sleep
Within her suffering she's praying
To the moon
Her eyes are full of anger
Of mercy and of love
When she's talking to the rising day
Oh, Heaven! I just feel the way
I will try to live my life
Away from pain and I
Wanna dream it, feel it,
Wanna scream it now
I'm not just what you're thinking
You can't take me by your side
You rule the planet without law
For every man awake there's
One will not see tomorrow
My heart is standing still for love
Freedom! Get away from me!
I will try to live my life to find
The peace of mind and I
Wanna dream it, feel it
Wanna scream it, thatToday I won't go away
No more fear to stay
Just ahead I'm facing my fate
Love! Feel it everywhere!
Don't forget you're one in a million
Don't waste your time in the dark
He's walking to the window
Tonight he cannot sleep
Within his pain he is crying
To the moon
His eyes are full of anger
His rage we cannot tell
Togheter they have found
The way to come home
Heaven! We just feel the way
We will try to live our life
The peace of mind and I

Wanna dream it, feel it
Wanna scream it, thatToday I won't go away
No more fear to stay
Just ahead I'm facing my fate
Love! Feel it everywhere!
Don't forget you're one in a million
Don't waste your time in the darkLove! Feel it everywhere!
Don't forget you're one
