Come Up

Remedy Drive

Fallen short
falling into line
you're falling apart again
missed the mark
missing out this time
you're missing the point again

come up come up Iâ€™ll show you worlds to come
come up come up
we can outlive the sun

such a fall
itâ€™s hard to find out why
you're living but not alive
not alive
barely getting by
so barely you're hanging on

come up come up Iâ€™ll show you worlds to come
come up come up
we can outlive the sun
