Numb

Stemm

You can't give back the things you have taken.
All the lies, all the word, you're breaking.
Your crooked smiles, your deceiving eyes.
You treat the tears with smiles and then with lies.I believe
I suffer to know you
Was it going to be something more?
The one thing i adore
Your warm juice
The one that i still feel
And when you finaly wake from the light
And see it for all that it is worth
By the time you realize it's a scam
Thats all, so worry as we burn
You pay with your lifeYou left me here as i fall apart
You stripped me of everything that i love
Lost in your embrace as you tear through my heart
Now you'v got everything that i love
I love
I love
I loveWhat will it take to end this
Why can't i stop this madness
I thaught it could have been something more?
The one thing i adore
Your warm juice
You're nothing but sickness and stink
But by the time you open your eyes
And all your truths have turned to lies
For all the bullshit inside your head
Its all so simple, you're already fucking dead
You pay with your lifeYou left me here as i fall apart
You stripped me of everything that i love
Lost in your embrace as you tear through my heart
Now you'v got everything that i loveThese aching pains
That hunger in my viens
The voices in my head
Im never going back
Never going back
Never going back
Never going back

Back
Back
Im never going backYou left me here as i fall apart
You stripped me of everything that i love
Lost in your embrace as you tear through my heart
Now i have nothing, i have nothing
Im drifting away while you tear through my heart
Now you'v got everything that i love
I love
I love
I love
Im never going back
Never going back
Never going back
Never going back
