TEN

Kamikabe

We left behind the busy crowd
So it seems we slow down
Meet me with a way out through the lies
Nowhere, going nowhere in the fake yellow light
Blame no one
Blame no one
The feelings change so fast
Safety scares them away
I can't bring myself to say it's my own advice I need
Nowhere and then nowhere living trapped inside the chase
Blame no one
Blame no one
Blame no one
Blame no one
Our weekness is the same
We need poison sometimes
Our weekness is the same
We need poison sometimes
So take another drink with me
Blame no one
Blame no one
Look in my eyes and
Blame no one
Blame no one
