I Never Told You

Colbie Caillat

I miss those blue eyes, how you kiss me at night
I miss the way we sleep
Like there's no sunrise, like the taste of your smile
I miss the way we breathe
But I never told you what I should have said
No, I never told you, I just held it in
And now I miss everything about you
I can't believe it, I still want you
And after all the things we've been through
I miss everything about you, without you
I see your blue eyes every time I close mine
You make it hard to see
Where I belong to, when I'm not around you
It's like I'm not with me
But I never told you what I should have said
No, I never told you, I just held it in

And now I miss everything about you
(Still, you're gone)
I can't believe it, I still want you
(And I'm lovin' you, I never should've walked away)
After all the things we've been through
(I know it's never gonna come again)
I miss everything about you, without you
But I never told you what I should have said
No, I never told you, I just held it in
And now I miss everything about you
(Still, you're gone)
I can't believe it, I still want you
(And I'm lovin' you, I never should've walked away)
After all the things we've been through
(I know it's never gonna come again)
I miss everything about you, without you
