Hot Tears

Cindy Bullens

Pretty darlin'
Ain't you ever cried before?
You know the pain that comes
When you're hurting so

I'm fighting back the tears
To be strong
Oh I know that I've been holding out
For too damn long
Here they come--
Hot tears Buring my eyes
Hot tears of fire
Hot tears Breaking my heart
Please don't make me cry

Such emotion
Seems so hard to bear
For me to show myself
Is something rare

But I have loved you now
Oh endlessly
You, you, you have got to keep me back
From my misery
And those
Hot tearsâ€¦
Please don't make me cry
