

Its All for You

Leona Lewis

Remembering the time I was yours, you were mine
When everything was so right with you by my side
Suddenly seasons changed, day by day you slipped away
Wishing now I realized your sad eyes said goodbye
Maybe it was me, I didn't see that you were gonna leave
I know I let you go, Now I want you back so I can show
Even though you're love is gone, even though it's said
and done
You're still the only one, it's all for you
Even though you didn't stay and I let you walk away
You're my one and only babe, it's all for you
Even though you're love is gone, even though it's said and done
You're still the only one, it's all for you
Even though you didn't stay and I let you walk away
You're my one and only babe, it's all for you
It hurts to see you with your friends lookin' so happy
While I'm feeling blue, always thinking about you
It goes on and on, you don't know what you got 'til it's gone
Well I'm learning, I'll never take love for granted again
Now, I'm not gonna cry, I'm gonna show you all the
reasons why
You need to be with me, I want you right back here, so u can see
Even though you're love is gone, even though
it's said and done
You're still the only one, it's all for you
Even though you didn't stay and I let you walk away
You're my one and only babe, it's all for you
Even though you're love is gone, even though it's said and done
You're still the only one, it's all for you
Even though you didn't stay and I let you walk away
You're my one and only babe, it's all for you
Baby can't you see that I need ya?
I'm calling but I can't seem to reach ya
Can't we try and start over again?
So maybe we can try again and I'll be there 'til the end
Even though you're love is gone, even though it's said
and done
You're still the only one, it's all for you
Even though you didn't stay and I let you walk away
You're my one and only babe, it's all for you
Even though you're love is gone, even though it's said and done
You're still the only one, it's all for you
Even though you didn't stay and I let you walk away
You're my one and only babe, it's all for you
No you didn't stay, how could you walk away?
Now you're love is gone and you're the only one
No you didn't stay, how could you walk away?
Now you're love is gone and you're the only one
No you didn't stay, how could you walk away?

Now you're love is gone and you're the only one
