Star

Auryn

(Verse 1)
Stay awake, because theres no sleep when everythings at stake.
Today we pray, we pray for better things, better things these days.
And if you will be alright then I could be alive then(Chorus)
You would have a star under your bed.
And I would have the lonely nights instead.
Of all the wishes I put in your hands.
Youd have a star for who you are, and itd keep you safe and fed. Now.(Verse 2)
Its natural, but its hard to let it go.
When were doing things for love and not for show.
Our hands they held the deepest part of the soul.
But theyre reaching now for something else to hold.
And if you will be alright then I could be alive and(Chorus)
You would have a star under your bed.
And I would have the lonely nights instead.
Of all the wishes I put in your hands.
Youd have a star for who you are, and itd keep you safe and fed. Now.(Bridge)
Would you keep me locked in?
Could you keep me alive then?
Would you need me if I said?
There are better things this life will bring, better things for you.(Chorus)
You would have a star under your bed.
And I would have the lonely nights instead.
Of all the wishes I put in your hands.
Youd have a star for who you are, and itd keep you, keep you, yeah.(Chorus)
You would have a star under your bed.
And I would have the lonely nights instead.
Of all the wishes I put in your hands.
Youd have a star for who you are, and itd keep you safe and fed. Now.(Coda)
And if you will be alright then I will be just fine.
And you will stay alive then maybe Ill survive.
