No Time

Black Country Communion

I'm on my to Avalon
So high above the Sea
No Sympathy
Cos I'll be gone
Now won't you
Come with me
And I can see the Matador
He move without a Sound
And I can't stay here anymore
I stand on Shaky GroundI open my mind
I am healed by the Sun
I pull down the Blind
And I wait, for the Gun
There's no Time
My Brother
There's no Time
To Catch the Light
There's no Time
Oh children
There's no Time
To Make it Right
There's no Time
Lordy Mama
There's no Time
To Walk a Mile
There's no TimeI fill my head with Sanity
I gotta' get control
I'm gazin' at the Majesty
The Wheels begin to Roll
I swear
That we'll be lifted
To Cities that I know
The grateful
And the Gifted
I've got to let it go...I open my mind
I am healed by the Sun
I pull down the Blind
And I wait, for the Gun
There's no Time

My Brother
There's no Time
To Catch the Light
There's no Time
Oh children
There's no Time
To Make it Right
There's no Time
Lordy Mama
There's no Time
To Walk a Mile
There's no Time
