

# Propagation

## Lower Dens

In the mountains  
Under rubble  
The fire's out  
We're burning inside  
We will survive  
For a long timePopulation incandescent  
All roads lead here:  
PropagationAt the seashore  
At low tide  
No report  
Only smoke sign  
We will get by  
For a long timePopulation incandescent  
All roads lead here:  
Propagation
