You Tear the World In Two

Pale Saints

Tear the world in two
And choose a half
But [unverified] look inside you
You are what you areI've seen it through
And you will too
I can tell that you
Feel these things too[Unverified]
And teach yourself to walk
Into the hole
Exploding in your heartI've seen it through
And you will too
I can tell that you
Feel these things tooI've seen it through
And you will too
I can tell that you
Feel these things tooYou tear the world in two
I'll destroy you
