Aim High

Paul Weller

Aim high, hum along, lady
Too shy, bite my tongue and maybe
Unfair if you ever leave me
Need you like water needs a flowerDeep ravines within ourselves
Drunken nights up on the shelf
God, strike me down if I don't come through
You're my baby and I need youAim high to come along, lady
Blue sky, you are my nectar and
Forever need you, won't you stay with me?
Never leave you, don't you leave me tooDarkness has no flames
I feel I'm in with the chance
To give this world a different spin
Convince us we will win
We will win, we will winCome and fly, hum along, lady
It feels far but life is just in hours
Just aim high and save ourselves forever
Hung dry like a spider after showerTu-du, tu-du-tu-du, tu-du, tu-du-tu-du
Tu-du, tu-du-tu-du, tu-du, tu-du-tu-du
Tu-du, tu-du-tu-du, tu-du, tu-du-tu-du
Tu-du, tu-du-tu-du, tu-du, tu-du-tu-duTu-du, tu-du-tu-du, tu-du, tu-du-tu-du
Tu-du, tu-du-tu-du, tu-du, tu-du-tu-du
Tu-du, tu-du-tu-du, tu-du, tu-du-tu-du
