Forgotten Tomb MMIII

Forgotten Tomb

Let me die alone in darkness
Shunned by the light
Misanthropic death
Ignore the past lifeNo more visions of tomorrow
Dreaming the death - A tomb in the fog
A cold tombstone
Forgotten by everyoneFORGOTTEN TOMBLeave me alone - Let me follow the path to nothing
Through the Lands of Inhumanity I'll wander
The black candle light is dying (out)
I can see the blackened beauty of death
Forget me - I'll miss myself in the voidFORGOTTEN TOMBI am alone now
Only the dark listens to my words
Forget me
