# Gotta Go Back

## Poet Voices

There are times when I feel down and out
When I let my burdens take away my shout.
When Iâ€™m struggling in the valley of despair
And I cannot find the glory anywhere.
I take a little journey in my mind
To another place another time.

I gotta go back to the place when Godâ€™s amazing grace came to me, long ago.
I gotta return to his glory chapter one of his story,
Gotta go back to the day he saved my soul.

Many years ago there was a wayward son
He was so ashamed of all the things he done.
From his family heâ€™d wandered far away.
And now he dreamed about a glad reunion day
As a lights of home finally turned his head,
The prodigal surely must have said

I gotta go back to the place when Gods amazing grace came to me, long ago.
I gotta return to the glory chapter one of his story
Gotta go back to the day, he saved my soul.
It was all a happy day when Jesus touched me (x2)
It was all a happy day when Jesus touched me, when Jesus saved my soul

Well I gotta go back to the place when Godâ€™s amazing grace came to me, long ago
I gotta return to his glory chapter one of His story,
I gotta go back to the day he saved my soul. (x2)
I gotta return to his glory chapter one of His story,
I gotta go back to the day he saved my soul.
It was all a happy day when Jesus touched me
