Plain Jane

Kim Lukas

Plain Jane look at what's inside
Don't let your inner beauty hide
Plain jane head up high and smile
And smileFourteen, girl changing into young lady
Confusion runs through her mind
Fourteen, life seems so bizarre at that age
Mixed feelings emotions highRelax, you're not on your own it's normal
No tears from name calling games
Relax, it's the same rocky boat you're sailing
Stormy seas the boys will teaseLife's short so be happy carefree
Remember that you're unique
Life's short so be happy carefree (carefree)Believing in who you are is special
No-one can take that from you
Believe and you will go far
Positive energy will set you freeLife's short so be happy carefree
Remember that you're unique
Life's short so be happy carefree (carefree)Plain Jane.....
Plain Jane.....
Plain Jane, plain Jane
Plain Jane.....Life's short so be (Be, be, be, be, be, be)
Life's short so be (Be, be, be, be, be, be)
