Darken Me

Electric Owls

Yellow faces 1, 2, 3
Lit by fire from underneath
Your hair was tangled in the trees
On the night you darken meYour fingers rose up from the ground
And reached for others in the clouds
Cracked their knuckles so damn loud
And on that spot king I was crownedDarken me now, I'm lost assassin's cloud
Drift in midnight sea, won't you darken me?I have tried to be your friend
Self-respect has worn so thin
And yesterday the joke set in
That you have darkened me again
Yellow faces 1, 2, 3
Lit by fire from underneath
Your hair was tangled in the trees
On the night you darken me
On the night you darken me
On the night you darken me
On the night you darken me
