Pop Your Fingers

Rose Royce

Let's ride
It's a felling deep inside
It's like a burnin' fire
It's like a roller coaster riderMakes you wanna fly
A natural high
The beat, the beat
Come on, people, move your feetWoo, pop your fingers
Shake your groove thing down to the ground
Well, I wanna see you get downPop your fingers
Shake your booty down to the ground
Well, let me see you get downI'm a natural dancer
I got a style of my own
And ladies, let me tell you
It's guaranteed to turn you on, look hereI can pop, I can rock, I can boogie
Dancin' is my specialty
I got my funky band in the background rockin' steady
So pick up wheels whenever you're readyPop your fingers
Shake your groove thing down to the ground
Well, I wanna see you get downPop your fingers
Shake your booty down to the ground
WellFeel the heat from the beat
You know you should be dancin'
Ladies, put your body in it
Fellas, now you say, "No, no, no, no, don't stop"I want you to pop your fingers
Shake your groove thing down to the ground
Well, I wanna see you get downPop your fingers
Shake your money maker down to the ground
Let me hear that horn soundOoh, pop your fingers
Shake your groove thing down to the ground
Well, I wanna see you get downPop your fingers
Shake your money maker down to the ground
Well, I wanna see you get downAll you roller-skaters
You should not be spectators
I want you to click your heels, spin your wheels
And get on down to this funky soundI want you to pop your fingers
Shake your groove thing down to the ground
Well, I wanna see you get downPop your fingers
Shake your booty down to the ground
Hey, yeah, hea, heaEverybody get on the floor

Get out your seat, get on your feet
Everybody get on the floor
Get out your seat, get on your feetAh, pop your fingers
Shake your groove thing down to the ground
Well, I wanna see you get downPop your fingers
Shake your booty down to the ground
Ah ah ah ahPop your fingers
Shake your groove thing down to the ground
Ladies, check me out, check me outPop your fingers
Shake your money maker to the ground
Pop your fingers
