Go Getter

Talay Riley

The kking of the castle
Has got you under lock and key
Yeah
I'm armed and ready for battle
It's time to face the enemy
Yeah
I'll put up the fight
Not giving up
Now the pressure's on, show me what you got
Won't accept defeat, I'll never stop
I'll do whatever, whatever
Imma go get get get, go getter
And Imma go get get get, go getter
I never gonna quit, I ain't no quitter
Knock me down and I'll get up again...
You are my princess
The one I need to liberate (liberate, liberate yeah)
They can burn all the bridges
But Imma get there anyway
Get there anyway, yeah
Now it's time, time to step it up
Want you to be mine no matter what
And I give my life just to feel your touch
Can't you see it in my eyes
Imma go get get get, go getter
