Tab With My Name on It

Dallas Smith

time to kill,
nowhere to be,
so i walk to the bar
down the streetjust one drink and,
i don't feel nothin'
bartender ask if i need somethin',
we get to talking and i
don't mean to
but i'm on to another,
and I'm talking bout you(chorus)
theres a tab
with my name on it
ill be sittin here all night
TV, with game on it
jukebox playing songs that i like
but around drink three,
thats when it hits me,
that all i have,
without you with me,
is a tab
with my name on itdidn't come to forget,
i was doin' alright,
wasn't trying to push you back in my mind,
and a girl walks in,
yea she looks like you,
and she sits by me
on an empty stool
then, we start talking
and we both smile,
tell her if she's gunna be here a while(chorus)
theres a tab
with my name on it
ill be sittin here all night
i can tell,
that she wants to stay
just by the look in her eyes
but around drink three,
thats when it hits me,
that all i have,

without you with me,
is a tab
with my name on itcan't you just come down,
baby just one beer,
if its all i get,
baby i don't care,
you can break my heart,
just one more time,
you don't have too,
but if you drop bytheres a tab
with my name on it,theres a tab
with my name on it
