Love Unending

Charley Pride

Love unending love undying love that never grows cold
Love that never leaves you crying love that never grows old
That's what I'd give to you if you say that you love me too
That's what I'd give to you all the days of my lifeLove for loving love for living love that has no pride
Love that's tender and forgiving soft and warm inside
That's what I'd give to you...I'd give you everything that's mine to give
I'd give you more than this a reason to live
Love unending love undying...
All the days of my life all the days of my life
