

Ordinary Angels

Craig Morgan

Seems like almost everyday
Trouble carries us away
And sometimes when we hurt
We all need to be saved
Every time I'm in too deep
Someone always rescues me
It's like heaven's sending down
The help that I need
Life like a chain
Sometimes it breaks
We all need a hand
When we fall from grace
It could be someone walking down the street
A stranger on a bus
A little kid on his way to school
Or any one of us
We all got a little superman, ready to take flight
And save a life, oh, save a life
Take a look around and you'll see
Ordinary angels
The world can make you feel so small
Steal your dreams and make you crawl
And break you till you got
You got nothing at all
When you're in that dark place
And you need that embrace
You know love is never too far away
It could be a waitress at coffee shop
You never saw before
A soldier that's just coming home
From fighting in the war
We all got a little superman, ready to take flight
And save a life, oh, save a life
Take a look around and you'll see
Ordinary angels
It could be someone walking down the street
A stranger on a bus
A little kid on his way to school
Or any one of us

We all got a little superman, ready to take flight
And save a life, oh, save a life
Take a look around, you'll see
Ordinary angels, ordinary angels
