Crush

Elise Estrada

i told myself today was gonna be the day,
No more excuses cause I knew exactly what to say.
Was gonna make my play, but just like yesterday my mind erased
and I let the moment slip away.
Another night I'll be sitting here all by my own,
picking up the phone,
but I can't get past the dial tone
racking my brain, going insane.
Again and again, I can't keep going this way.CHORUSCrushed by the sweetest lips I never kissed.
And your fingertips and the warmest touch I've always missed.
Crushed
By the softest hands I never held.
Probably never tell, you're the strongest love I ever felt.
Crushed
That I haven't ever let you know
How it always goes
Cause I lose my nerve whenever you get close.
And So I'm left, short of breath with that heavy feeling in my chest.
Baby I'm so Crushed.So I tell myself that tomorrows gonna be the day
and I keep on telling myself that I'm gonna find a way.
And I wont be afraid just like yesterday
Wont walk away, never gonna let another chance slip away.
Cause I've got to know, whichever way its gonna go
Rest my heart and soul
Cause there can never be no more.
Racking my brain, going insane. Again and Again.
I wont keep going this way.CHORUSCrushed by the sweetest lips I never kissed.
And your fingertips and the warmest touch I've always missed.
Crushed
By the softest hands I never held.
Probably never tell, you're the strongest love I ever felt.
Crushed
That I haven't ever let you know
How it always goes
Cause I lose my nerve whenever you get close.
And So I'm left, short of breath with that heavy feeling in my chest.
Baby I'm so Crushed.Crushing,
