snakeskin

kariiiba

You know what you do the song like in I a trans-like charmin
And like a snake you bring me out to play and tame this poisonous girl thats putting me down (putting me down)
Ohh.. I think its time I slither away and movin on my own to find my own prey
But you use it when I hear the music and your bring it back, bringing it backYou hypnotize you hypnotize when I look in your eyes, your eyesAnd you
Each of those eyes, those eyes when I leave you paralyzed
I shed my snakeskin away
Cuz your all over me and I am crawling my way out
Of this poisonous love
I shed my snakeskin a lot so
I am new again
I cannot be turned into this
Poisonous loveSomething dangerous can contain easily
Ima slave to your to your bead that can kill a melody
You play the rattle shake which
Quakes my body all over
No not again Im not fallin into this
I got my new skins on
And Im callin quits
Your control is out of you hands
And your demands are nothing for this lady cobraYou hypnotize you hypnotize when I look in your eyes, your eyes
And you each of those eyes,
Those eyes when I leave you paralyzed
I shed my snakeskin away
Cuz your all over me and I am crawling my way out
Of this poisonous love
I shed my snakeskin a lot so
I am new again
I cannot be turned into this
Poisonous loveAnd are lips are venomous
They are last goodnight kiss
Youve escaped from the pain
Theres poisonous seeping through your veinsI shed my snakeskin away
Cuz your all over me and I am crawling my way out
Of this poisonous love
I shed my snakeskin a lot so
I am new again
I cannot be turned into this

Poisonous love
