Flora

Saro

V1
we need to talk now
somethings not right
under your eyes dark times
it's true
thoughts can kill too
seeds if let bloom
will consume youPRE
i dont want to be left behind
HOOK
open your eyes
it's in your head
don't leave me lonely tonight
i'm not alright dont leave me alone
baby I'll be waiting on the other side
baby I'll be waiting on the other side
I wont leave youV2
ouch how you've hurt me but i don't bleed
dont know how
too empty
come down from the steeple
just one wrong move
i cant catch you
Silence the snakes between your eyes
i'm here to tame the shrubbery
take down the ropes and get in bed
you're all that I have to lose
