What You Waitin' For

Nivea

I know I met you last night
As soon as you walked by me, you didn't really have to speak
Didn't take a long time for me
To peep how you really wanna get with me
So whatcha say, better step to the plate
Don't be afraid, before you wait too late
Stop playing games, ain't got no time to waste
Don't hesitate or somebody's gonna take your place
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
(Waiting for)
I don't pay no never mind to the people that are vibin'
You're the only one I see
I know you see me checkin' for you
Do what you gotta do, why don't you make a scene
So whatcha say, better step to the plate
Don't be afraid, before you wait too late
Stop playing games, ain't got no time to waste
Don't hesitate, somebody's gonna take your place
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
(Waiting for)
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on

Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
(Waiting for)
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
(Waiting for)
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
Come on, come on
Tell me what it is you're waiting for, what you waiting for
(Waiting for)
What you waiting for
What you waiting for
What you waiting for
