Floetic

Floetry

Floetry, uh huh
It's floetic, uh, it's floetic
Uh, it's floetic, uh, it's floetic
Uh, it's floetic, yo
Floetry
(We're)
Alright
(I'm the)
Floetcist
(And I'm)
Alright
(She's a)

Lettin' them know it's on, on, on
Yo, I say what's up?
(What's up?)
What's up with you?

You feelin' good
(Feelin' good)

(Uh huh)
We gonna mess now, say we just groove
I step on one, you step on two
(Two)
Now when we move, we're feelin' the vibe right
Said if we move we're makin' a vibe right
And if it's day, or if it is night, we're feelin' alright
Say we be alright alright, what
Oh, you let your body move, feelin' it inside you you, ooh
(Inside you)
Let your body move I said now
(One more time say)
You let your body move feelin' it inside you you, ooh
('Cause, we)
We can get it in that's what's up

Floetry
(And we're)
Alright
(I'm the)
Floetcist
(And I'm)
Alright
(She's a)
Songstress
(And she's)
Alright
(What, what)
Lettin' them know it's on on on
Floetry, alright

Just to let you know, exactly what is happenin'
I see you noddin' your head like it's a Q Tip flick
Yo you haven't heard a word about the floetry shit
Floetcism floetry, uh, it's floetic
Once you have heard it, you have to get it
So, you could sing it, or you could play it
You could play it yo you could play it

You let your body move feelin' it inside you you, ooh
(Inside you)
We can get it in that's what's up
You let your body move feelin' it inside, yeah
