We Are Young

Pentatonix

Do you remember me, cause I remember you
I was a little scared
I never knew what I could do
It was like a light
In the middle of the night when I realized
That fear was something I could lose
I'll never turn around anymore
Chorus
We are young, we are free
You can run away with me
We are young, we are free
If you only believe
That everything is not so faraway

We are young, we are young, forever
Everywhere to go, everything to see
If you want to know
Just take my hand and come with me
Just another day, living my own way
If you take a chance
Then you'll have your fantasy
I'll never turn around, anymore
Chorus
If you don't believe In all of your dreams
Then your fear will never go away
If you open your eyes I know you will see
That we're young and we are free
Chorus
