World on Fire

Sarah McLachlan

Hearts are worn in these dark ages
You're not alone in these stories pages
The light has fallen amongst the living and the dying
And I'll try to hold it in, yeah, I'll try to hold it inThe world is on fire
It's more than I can handle
I'll tap into the water
Try and bring my share
Try to bring more
More than I can handle
Bring it to the table
Bring what I am ableI watch the Heavens but I find no calling
Something I can do to change what's coming
Stay close to me while the sky is falling
I don't wanna be alone, don't want to be aloneThe world is on fire
It's more than I can handle
I'll tap into the water
Try and bring my share
Try to bring more
More than I can handle
Bring it to the table
Bring what I am ableHearts break, hearts mend, love still hurts
Visions clash, planes crash
Still there's talk of saving souls
Still the cold is closing in on usWe part the veil on our killer sun
Stray from the straight line on this short run
The more we take the less we become
The fortune of one man means less for someThe world is on fire
It's more than I can handle
I'll tap into the water
Try and bring my share
Try to bring more
More than I can handle
Bring it to the table
Bring what I am ableThe world is on fire
It's more than I can handle
I'll tap into the water
Try and bring my share
Try to bring more
More than I can handle

Bring it to the table
Bring what I am able
