Life Must Go On

Alter Bridge

Sitting alone in the cold of the night
You're trying to find what you need to survive
You're so afraid, you can't go on
Left in the silence that tears at your heart
It only reminds you how broken you are
You've lost your way but hope is not gone
Because the sun always sets, the moon always falls
It feels like the end, just pay no mind at all
Keep rolling, rolling, life must go on, ooh
Do you remember and long for the past?
When love was eternal and joy seemed to last
Yesterday, forever is gone
Because the sun always sets, the moon always falls
It feels like the end, just pay no mind at all
Keep rolling, rolling, life must go on
It must go on
We have our misfortunes, the darkest of days
But we must endure and keep strong
Just look to the morning, the promise awaits
And know that this life must go on, on
And the sun always sets, the moon always falls
It feels like the end, just pay no mind at all
Keep rolling, rolling, life must go on
And the sun always sets, the moon always falls
It feels like the end, just pay no mind at all
Keep rolling, I keep rolling, life must go on
It must go on
Life must go on, life must go on
When you're feeling alright
So you keep rolling on, keep rolling on
With your heart by your side
Life must go on, life must go on
So you keep rolling on, keep rolling on
