Face Pollution

Soundgarden

An' I can count it on my fingers
I have all my reasons not to feel
I'm numb as rigor mortis
Scared by monkey faces drowned in shark finsBut I don't feel like feeling, I don't feel like feeling
I don't feel like feeling, feeling like youNow I'm in the mirror, now it's getting clear
I fear that I'm in now, I'm into plastics
Now I've made a mask, it looks like fish headsBut I don't feel like feeling, I don't feel like feeling
I don't feel like feeling, feeling like youI don't feel like feeling, I don't feel like feeling
I don't feel like feeling, feeling like youFace pollution, face pollution
Face pollution, face pollution
Face pollution, face pollution
Face pollution, face pollutionFeel
Feel
Feel
