The Rain Won't Help You When It's Over

Whiskeytown

Takes a friend to laugh when it's over
Takes a fool to cry when it's over
Take the sun...take the sun...
Take the sun from the sky then it's over
The rain won't help you when it's over {3x}
The rain can't help you when it's overOur mother dies and it's over
Her father dies when it's over
Take the sun.... take the sun
Wipe the tears from her eyes when it's overThe rain can't help you when it's over {16x}
